Portland, OR97291

Dear Mark:

Thank you for the time, energy, and expertise you gave to OEF by participating in the program for our University of the Entrepreneur Spring Conference last week. The feedback on the conference has been great.

The entrepreneurs who attended felt very strongly that they received great value, and that's because you were willing to spend time giving them the benefit of your experience. We are so appreciative of your participation. OEF wouldn't be able to provide such outstanding educational programming without the benefit of volunteers such as you.

Thank you so much!

Sincerely,

Linda Weston
President & Executive Director
